Notes: These data should be read in conjunction with the explanatory notes.

(1) Figure is inclusive of both TAB and on-course totalisator expenditure (discrete data were not available). Between 1998-99 and 2006-07, racing expenditure on TAB and on-course totalisators has been calculated at 16.0 percent of turnover – the maximum average commission rate across all parimutuel pools under the relevant legislation at that time.

(2) TAB expenditure calculated at 15.7% of parimutuel turnover plus actual "Gross Profit" of Fixed Odds Racing.

(3) Figures are inclusive of both on and off-course betting.

(4) This estimate was calculated by applying the same ratio of expenditure to turnover for TAB racing in 2000-01 (15.3 percent) and applying it to the turnover figure for the current year.

(5) Actual expenditure - including fixed odds racing - plus roundings (retained by TABCorp - derived by the rounding down of dividends to the \$0.10 below the calculated dividend - not previously included).

(6) Actual expenditure - including fixed odds racing - plus roundings (retained by TABCorp - derived by the rounding down of dividends to the \$0.10 below the calculated dividend - included for the first time in 2007/08).

Notes: These data should be read in conjunction with the explanatory notes.

(1) Figure is inclusive of both TAB and on-course totalisator expenditure (discrete data were not available). Between 1998-99 and 2006-07, racing expenditure on TAB and on-course totalisators has been calculated at 16.0 percent of turnover – the maximum average commission rate across all parimutuel pools under the relevant legislation at that time.

(2) TAB expenditure calculated at 15.7% of parimutuel turnover plus actual "Gross Profit" of Fixed Odds Racing.

(3) Figures are inclusive of both on and off-course betting.

(4) This estimate was calculated by applying the same ratio of expenditure to turnover for TAB racing in 2000-01 (15.3 percent) and applying it to the turnover figure for the current year.

(5) Actual expenditure - including fixed odds racing - plus roundings (retained by TABCorp - derived by the rounding down of dividends to the \$0.10 below the calculated dividend - not previously included).

(6) Actual expenditure - including fixed odds racing - plus roundings (retained by TABCorp - derived by the rounding down of dividends to the \$0.10 below the calculated dividend - included for the first time in 2007/08).

Notes:

These data should be read in conjunction with the explanatory notes.

Data for the gambling revenue received by states and territories from 1 July 2000 onward is not comparable with that of preceding years because of the impact of changes brought about by the introduction of the GST.

(1) Government revenue from TAB includes on-course totalisators.

(2) Government revenue from TAB is in the form of an annual licence fee. There is no correlation between the receipts from the licence fee and the two totalisator activities.

The revenue figures allocated to TAB represents the bulk of turnover activity in each of the two categories (TAB and on-course totalisator).

(3) Tote ceased to pay tax from 1 August 2000 on totalisator turnover following its corporatisation.

(4) Government revenue from TAB includes on-course totalisators and fixed odds racing.

Notes:

These data should be read in conjunction with the explanatory notes.

Data for the gambling revenue received by states and territories from 1 July 2000 onward is not comparable with that of preceding years because of the impact of changes brought about by the introduction of the GST.

(1) Government revenue from TAB includes on-course totalisators.

(2) Government revenue from TAB is in the form of an annual licence fee. There is no correlation between the receipts from the licence fee and the two totalisator activities. The revenue figures allocated to TAB represents the bulk of turnover activity in each of the two categories (TAB and on-course totalisator).

(3) Tote ceased to pay tax from 1 August 2000 on totalisator turnover following its corporatisation.

(4) Government revenue from TAB includes on-course totalisators and fixed odds racing.

Notes:

These data should be read in conjunction with the explanatory notes.

Data for the gambling revenue received by states and territories from 1 July 2000 onward is not comparable with that of preceding years because of the impact of changes brought about by the introduction of the GST.

(1) State tax on bookmakers turnover was abolished on 30 March 2002, therefore government revenue for bookmakers on-course only includes nine months worth of revenue.

(2) Nil government revenue from bookmakers due to abolition of state tax on bookmakers 30 March 2002

(3) Race bookmakers do not return any revenue to the Government since the tax rate was effectively abolished in Sept 2003.

(4) Bookmakers' Tax abolished from 1 December 2001.

(5) Government revenue from racing (bookmakers) includes both tax and product levies received.

(6) Changes in Taxes Payable by Bookmakers was introduced in January 2010. (\$4.973 was collected as Turnover Tax and 1.102 was collected as Gross Profit Tax) .

Data for the gambling revenue received by states and territories from 1 July 2000 onward is not comparable with that of preceding years because of the impact of changes brought about by the introduction of the GST.

(1) State tax on bookmaker's turnover was abolished on 30 March 2002, therefore government revenue for bookmaker (and other) fixed odds only includes nine months worth of revenue for 2001-02 and nil revenue thereafter.

(2) Bookmakers' Tax abolished 1 December 2001.

(3) Government revenue from bookmaker (and other) fixed odds sportsbetting includes tax paid on Australian and overseas non-racing events.

(4) Changes in taxes payable by bookmakers was introduced in January 2010. (\$0.193 was collected as Turnover Tax and \$1.102 was collected as Gross Profit Tax).

Notes:

These data should be read in conjunction with the explanatory notes.

Data for the gambling revenue received by states and territories from 1 July 2000 onward is not comparable with that of preceding years because of the impact of changes brought about by the introduction of the GST.

(1) State tax on bookmaker's turnover was abolished on 30 March 2002, therefore government revenue for bookmaker (and other) fixed odds only includes nine months worth of revenue for 2001-02 and nil revenue thereafter.

(2) Bookmakers' Tax abolished 1 December 2001.

(3) Government revenue from bookmaker (and other) fixed odds sportsbetting includes tax paid on Australian and overseas non-racing events.

(4) Changes in taxes payable by bookmakers was introduced in January 2010. (\$0.193 was collected as Turnover Tax and \$1.102 was collected as Gross Profit Tax).
