| Other (b) | 0.2 | 2.1 |
| Total | 2.0 | 2.5 |

Commentary

- In the August reference month of September quarter 2011, there were 2,322,710 employed persons in Queensland, which accounted for 20.4% of Australia's total employment.
- Over the year to September quarter 2011, of Queensland's top ten industries by number employed, the largest percentage increase in employment occurred in the *Health Care and Social Assistance* industry (up 7.8%). For Australia, within these industries, the *Health Care and Social Assistance* industry also had the largest percentage increase (up 6.1%).
- Over the year to September quarter 2011, of Queensland's top ten industries by number employed, the *Health Care and Social Assistance* industry recorded the largest contribution to the increase in employed persons in Queensland (0.8 percentage point). In comparison, the *Manufacturing* industry recorded the largest deduction in Queensland (-0.3 percentage point) (Figure 1).
- During September quarter 2011, the highest proportion of total employment in Queensland was recorded in the *Health Care and Social Assistance* industry (11.4%). The *Health Care and Social Assistance* industry also had the highest proportion of total employment in Australia (11.4%) (Figure 2).
- During September quarter 2011, of Queensland's top ten industries, the highest proportion of unemployed persons was for persons previously employed in the industry group *Construction* (9.1%), followed by *Accommodation and Food Services* (8.4%) (Figure 3).

The labour force statistics presented in this brief are based on a sample and are subject to sampling error. As such these estimates will exhibit, in some cases, large volatility in quarterly changes. Extreme caution should be used when making inferences from these estimates. Industry of employment was coded to the ABS 2006 Australian and New Zealand Standard Industrial Classification (ANZSIC). This has replaced the 1993 ANZSIC edition.
