Notes

The labour force statistics presented in this brief are based on a sample and are subject to sampling error. As such these estimates will exhibit, in some cases, large volatility in quarterly changes. Extreme caution should be used when making inferences from these estimates.

Occupation was coded to the ABS 2006 Australian and New Zealand Standard Classification of Occupations (ANZSCO).

¹ Year to June quarter 2014 on year to June quarter 2013.

² Occupation data are collected in the second month of each quarter, i.e. February, May, August and November.
