Goodna Longitudinal Study
Health, Wellbeing and Community Life Survey

Good morning/afternoon/evening, my name is ____ and I work for the Office of the Government Statistician. Your house may have recently received a letter from this Office explaining about a survey we are conducting. We are currently conducting a survey in Goodna to determine people’s perceptions of community well being and the quality of services available to the community.

The results of this survey will be used to ensure that the services available to the residents of Goodna are of a high quality. A further survey will be conducted in about 12 months to measure whether those services have improved.

Your responses will be strictly confidential. They are protected by the Queensland Government’s Statistical Returns Act (1896) which means that penalties would apply under the laws of Queensland for anyone who released your responses in a way which would identify you.
