This map shows the industrial land supply by indicative development time frames. This map does not commit the relevant council or statutory authority to permit development within the time frames specified.

This Map is an output of the Industrial Land Monitoring Program for regional Queensland and is to be interpreted in conjunction with that program. Information about the Program’s methodology can be viewed in the industrial development activity profile and explanatory notes.

While every care is taken to ensure the accuracy of this information, Queensland Treasury and Trade makes no representations or warranties about the accuracy, reliability, completeness or suitability for any particular purpose and accepts all responsibility and all liability (including without limitation, liability in negligence) for all expenses, losses, damages (including indirect or consequential damage) and costs which might be incurred as a result of the information being inaccurate or incomplete in any way and for any reason.
