Legend

Industry zone category | Land supply
--- | ---
Low impact industry | 195 ha
Medium impact industry | 229 ha
Waterfront marine industry | 147 ha
Non-industry zones | 83 ha
Potential industrial land supply | 365 ha

1. Industrial land supply refers to land parcels that are planned for industrial use or development. Total area shown for whole City.
2. Strategic land refers to areas such as airports, ports and defence sites that may contain land for industrial use.
3. Development areas may identify areas suitable for industrial use.

Other map features

- Major roads
- Local government boundaries
- Strategic land
- Development areas

Overview

This industry zones map is an output of the Industrial Land Monitoring Program for SEQ and is to be interpreted in conjunction with the Program. Information about the Program’s methodology can be viewed in the Industrial development activity profile and explanatory notes.
