</table>

(a) Percentage point change.
Note: Totals may not add due to rounding. Figures are rounded to nearest 100 persons. Calculations are based on pre-rounded figures.

Figure: Unemployment rate, Brisbane City Outer Ring Statistical Region

Data for Queensland as a whole are provided for reference purposes only. Users should refer to monthly trend estimates from the Labour Force Survey for analysis of labour market performance at the State level.

Note: The labour force statistics presented in this brief are on a sample basis and will include a sampling error. As such, these estimates will exhibit, in some cases, large volatility in monthly changes. Extreme caution should be used when making inferences from these estimates.
