1.0 Introduction

Australian Gambling Statistics (AGS) is the official collection of Australian data on legalised regulated gambling. The AGS is produced by the Queensland Government Statistician's Office (QGSO) in cooperation with all state and territory racing and gaming authorities. These authorities provide data on turnover, expenditure, and government revenue for each form of gambling within their jurisdiction. Where actual data are not available, the relevant authorities are encouraged to estimate the data and provide explanations of estimation methods.

The reference period for the 40th edition of AGS is the 2023–24 financial year. Timeseries are available back to 1998–99, however, may be affected by certain events such as the introduction of point of consumption (POC) tax.

The State, Product and Summary output tables should be read in conjunction with these Explanatory notes as they contain key information relating to background, definitions, jurisdiction specific legislation and other developments.

1.1. Background

The development of statistics on gambling on a national basis was formally proposed at the June 1983 Conference of Government Racing Officials held in Darwin. At this conference, members agreed to draw attention to the relative absence of reliable economic and social data on gambling, and resolved that this information be collected, collated, and shared on a national basis.

Led by the existing statistical collections of the (then) Tasmanian Racing and Gaming Commission (the Commission), other state and territory governments developed their own statistical databases to assist in the compilation of a national gambling statistical record.

At the September 1983 Racing and Gaming Ministers' Conference held in Melbourne, it was resolved:

That the conference approves the establishment of a national statistical data bank and each state and territory agree to submit all available racing and gaming statistics in a consistent format to the Tasmanian racing and gaming commission for collation and analysis.

In line with the conference resolution, the Commission, with the assistance of a firm of economic consultants, extracted from published records significant quantities of data relating to gambling turnover in each state and territory since 1972. The first consolidation and assessment of these data was produced for the Racing and Gaming Ministers' Conference in late 1984. At the Commission's request, the report was made publicly available.

The Tasmanian Gaming Commission (the renamed Commission) continued to produce annual statistics until 2004, when QGSO (formerly the Office of Economic and Statistical Research) within Queensland Treasury, was endorsed by jurisdictional department heads to produce the publication on an ongoing basis.

1.2. Events affecting data

Gambling policy and legislation

Gambling policy and legislation in Australia have traditionally been the role of the states and territories rather than the Commonwealth. Relevant state-based legislation is detailed in state and territory summaries in Section 3.

COVID-19 pandemic

The COVID-19 pandemic impacted on the availability of gambling activities in Australia from 2020 until 2022, with land-based gambling venues temporarily closed and major national and international sporting codes suspended. Gambling data should be considered in the context of COVID-19 related restrictions.

Point of consumption tax

Changes in the way the wagering industry is structured, including the growth of online wagering, have led all jurisdictions, except the Northern Territory, to introduce a point of consumption tax.

1.3. Cautionary note

While all care has been taken in the preparation of AGS, each jurisdiction has its own systems, processes and reporting methods, and the availability of data can vary. Thus, care should be taken when comparing data between jurisdictions. All tables should be read in conjunction with the Explanatory notes. In some instances, data contained in previous editions have been corrected or amended. These corrections or amendments are noted within the relevant table(s).

2.2. Glossary

The following terms are used in AGS:

Casino	Figures represent wagers at casinos and include wagers on table games, gaming machines and keno systems.
Casino turnover	For the purposes of this report, casino turnover is represented by handle, which is the amount of money exchanged for gaming chips at a gaming table. Unfortunately, it is not possible to measure the total amount wagered (including re-investment of winning bets) at table games. Therefore, care should be taken if analysing casino turnover figures.
Expenditure	These figures relate to the net amount lost or the amount wagered less the amount won. Alternatively, it is the gross profit due to the operators of each form of gambling.
Gambling	The placement of a wager or bet on the outcome of a future uncertain event. Gambling includes gaming and wagering activities. The statistics presented in this publication are for legalised regulated gambling. In addition, the statistics for each individual state or territory include turnover and expenditure generated by overseas and interstate visitors as well as those generated by residents of that state or territory.
Gaming	All legal forms of gambling other than wagering, such as lotteries, gaming machines, casino, interactive gaming and minor gaming.
Gaming machines	All jurisdictions, except Western Australia, have a statewide gaming (poker) machine network operating in clubs and hotels. Please note: The data reported under this heading <u>exclude</u> gaming machine data from casinos. Gaming machines accurately record the total value of bets on gaming machines, including bets made using credits won during play. Turnover is the amount of money bet, regardless of whether that bet is won or lost. Turnover does not represent player losses. Thus, turnover is an actual figure for each jurisdiction. In most jurisdictions, operators must return at least 85 per cent of wagers to players as winnings, either by cash or a mixture of cash and product over the lifetime of the gaming machine. In some jurisdictions, gaming machines may be linked together to offer major jackpots.
Government revenue	The revenue received by state governments from gambling activities that are subject to state taxes and levies.

Gross household disposable income

Household disposable income (HDI), presented in Table 1, below, is the gross household income less:

- income tax payable
- other current taxes on income, wealth etc.
- consumer debt interest
- interest payable by unincorporated enterprises and dwellings owned by persons
- net non-life insurance premiums
- other current transfers payable by households.

When interpreting gambling figures as a proportion of HDI, by state and territory, users of the data should note that such data represent expenditure within the jurisdiction concerned, and therefore should not be adjusted for interstate or international gamblers. No relevant data are collected on interstate gamblers.

Interactive gaming

Gambling on activities conducted via the internet. It specifically excludes wagering in the form of racing and sports betting, keno and lotteries via the internet. Interactive gambling services provided to Australian residents by an internet casino are banned under the Commonwealth *Interactive Gambling Act 2001* (IGA) which came into effect in August 2001.

Keno	Keno is a game where a player wagers that their chosen numbers match any of the 20 numbers randomly selected from a group of 80 numbers via a computer system or a ball-draw device. Keno payouts are established by rules and consist of a fixed pay scale (independent of the total wager made on the game) and, in some cases, a jackpot component.
Lotteries	Includes lotteries, lotto, pools and instant scratchies. In June 2018, pools was withdrawn from the Australian lottery market.
Minor gaming	The collective name given to raffles, bingo, lucky envelopes and the like.
Point of consumption tax (on Wagering)	A tax collected from betting operators in all states and territories, except the Northern Territory, to generate revenue from wagering. "Point of consumption" means the tax is payable where the bet was placed, although in some jurisdictions, operators are permitted to rely on the address information of account-based customers. Gambling products including gaming machines, casino games and lotteries are not subject to the tax. Also refer to Section 1.2.
Population	Mean estimates of the population aged over 18 years are presented in Table 2, below. The same caveat relating to the influence of visitors on the estimates reported in the Household disposable income (HDI) tables is also relevant to the interpretation of those reported in the per capita tables.

'Real' variables All dollar figures are given in nominal terms except where a table is denoted as being in real terms. Real dollar figures have had the effects of inflation removed. These values are calculated by specifying a base year (in this instance 2023–24) and 'deflating' each previous year by the Consumer Price Index (CPI). This means that all data in a table showing real values may be compared directly, the effects of inflation having been removed.

The CPI, presented in Table 3, is a measure of change over time in the retail price of a constant basket of goods and services which is representative of consumption patterns of households in metropolitan areas.

Turnover An expression used to describe the amount wagered. This does not include any additional charges that may also be paid at the point of purchase, such as selling agents' commission in the case of lotteries (except where noted in tables). Electronic gaming machine (EGM) turnover, relates to credits played in an EGM, rather than the amount of money inserted into the EGM.

Wagering All legal forms of gambling on racing, sporting events and other approved events (e.g., elections). Wagering includes all the racing and sports betting activities.

New developments

Introduction of Gambling Taxation Act 2023

The Gambling Taxation Act 2023 was introduced in July 2023. Gambling taxes related to Casino, Wagering and betting, and Keno products are administrated by the State Revenue Office instead of the Victorian Gambling and Casino Control Commission from July 2023 onwards.

General industry information

Mandatory carded play and mandatory pre-commitment (MCP/MPC) also referred to as YourPlay (YP) came into effect at Crown Casino in December 2023. This required the use of a registered YourPlay card for all Electronic Gaming Machine (EGM) play at Crown.

The 5 Metre Obligations for Electronic Betting Terminal (EBT) were put into force in January 2024. This required Tabcorp taking steps to ensure that all EBTs not within 5 metres or not within line of sight of a counter service area are in voucher mode through remote disablement.

New developments

2023–24

In March 2024, the Queensland Parliament enacted further changes to the *Casino Control Act 1982* to address recommendations of the External Review of the Queensland Operations of the Star Entertainment Group Limited, and to deliver additional casino integrity reforms. *The Casino Control and Other Legislation Amendment Act 2024* (2024 Amendment Act) amended the Casino Control Act to provide a framework for mandatory carded play and pre-commitment at all Queensland casinos, with the detail of these reforms to be defined by a future amendment regulation in 2024/25. Among the other reforms delivered by the 2024 Amendment Act is a requirement for casino licensees to pay a supervision levy covering the costs of casino regulation and gambling harm minimisation programs undertaken in Queensland, and enhanced requirements regarding the exclusion of criminal elements from Queensland casinos.

CRT Operations between 2am and 8am

Previously, it was a condition of a gaming machine licence that any Cashable Ticket Redemption Terminal (commonly known as a CRT) located on the licensed premises, must be disabled between the hours of 2am and 8am.

On 18 March 2024, Licence Conditions were amended to now allow CRTs to be operated between the hours of 2am and 8am provided that the CRT is configured to require ticketed winnings of \$500 or more to be authorised at the CRT by a gaming manager or gaming employee.

The technical guidelines for Ticket-in Ticket-Out and CRT operations were amended requiring a CRT which supports this feature to enable payment authorisation at the CRT through a key-off procedure or similar like authorisation for ticket redemption to be completed.

Changes to gambling industry staff training requirements

On 31 March 2024, changes were made to the Gambling Codes of Practice and Liquor and Gambling Commissioner issued Staff Training Guidelines to ensure that people who work in the gambling industry in South Australia are better equipped to provide appropriate assistance to a person who is experiencing harm caused by gambling. This includes providing them with the tools and knowledge they need to respond to a variety of complex gambling related situations.

These changes, apply to staff working in hotels and clubs, at the Adelaide Casino, in retail wagering and lotteries include:

- a requirement that all gambling industry staff, regardless of role, complete prescribed training with ongoing training required every two years
- a requirement that staff must be trained in how co-morbidities may affect a person's gambling behaviour
- making staff aware of the cultural impacts on gambling behaviour and responses by patrons
- providing staff with information on how they can be supported when speaking to customers who are experiencing harm
- a requirement that course content must include a mandatory lived experience component
- introducing greater consistency in the content and delivery of training that is provided across all gambling industries which operate in South Australia

These changes also mean that only one version of course content, developed by industry bodies with oversight from Consumer and Business Services, will be approved for delivery to hotel and club staff by registered training providers.

This also means that the current Basic, Advanced and Further Advanced courses of training were replaced with new course content known as RSG1, RSG2 and RSG3.

From 31 March 2024, gaming machine licence holders must ensure that:

For staff in senior positions of the gambling provider

- within 3 months before or after the Commissioner is first notified of the appointment of the person as a gaming employee, completes RSG1 training, and
- within 12 months after first completing RSG1 training, completes RSG2 training, and
- within 24 months after first completing RSG2 training and every 24 months thereafter, completes RSG3 training.

Other staff involved in the gambling operations of the gambling provider

- within 3 months before or after the Commissioner is first notified of the appointment of the person as a gaming manager, completes RSG1 training (if the gaming manager has not already completed RSG1 training), and
- within 3 months after first completing RSG1 training, completes RSG2 training (if the gaming manager has not already completed RSG2 training), and
- within 24 months after first completing RSG2 training and every 24 months thereafter, completes RSG3 training.

These changes also mean that RSG1 training completed under the Casino Act 1997 for former casino staff transitioning to work in gaming venues will now be recognised.

Community impact assessment guidelines

The Commissioner may only grant certain gaming related applications (known as designated applications) if satisfied that to grant the application is in the community interest.

Under the Commissioner's Community Impact Assessment Guidelines (the guidelines) applicants are required to consider and address the impacts that their application could have on the community in respect of several criteria, including harm, social impact and locality.

From 29 January 2024, changes made to the guidelines now require the following types of applications to demonstrate that the grant of the application is in the community interest:

- an application to move a gaming machine licence
- an application to vary gaming trading hours beyond midnight
- an application to increase the number of gaming machines approved to be held under the licence.

In addition, the 'harm' consideration has been expanded to provide greater emphasis and guidance to applicants about how to address this consideration.

This includes providing examples of potential gambling related harm that may be caused by gambling and requiring the applicant to rely on census data in their submission and identifying any community facilities which may be of interest or concern for the Commissioner.

- *Racing and Wagering Western Australia Act 2003*
- *Racing Bets Levy Act 2009*
- *Racing Restriction Act 2003.*

New developments

The Final Report of the Perth Casino Royal Commission (Royal Commission) was tabled in the Parliament of Western Australia (WA) on 24 March 2022. The WA Government tabled its response to the Royal Commission recommendations on 16 March 2023. A total of 49 of the 59 recommendations were supported; eight were supported in principle; and one supported in part. One recommendation does not require a WA Government position as it is only relevant if the prohibition on poker machines is lifted.

The WA Government has delivered some reforms in response to the Royal Commission findings, and further reforms are planned for the future.

Further to the passage of the Casino Legislation Amendment (Burswood Casino) Bill 2022 in September 2022, the Gambling Legislation Amendment Bill 2024 (GLA Bill) was introduced into Parliament in August 2024.

The GLA Bill represents the second tranche of legislative reforms resulting from the Royal Commission and follows the commencement of the *Casino Legislation Amendment (Burswood Casino) Act 2022* (CLA Act). Although the Royal Commission was specifically concerned with regulation under the *Casino Control Act 1984* (CC Act), the *Casino (Burswood Island) Agreement Act 1985* and the *Gaming and Wagering Commission Act 1987* (GWC Act), these proposed reforms reflect the broader remit of the Gaming and Wagering Commission (GWC) and include amendments to the *Betting Control Act 1954* (BC Act) and the *Racing and Wagering Western Australia Act 2003* (RWWA Act).

Key reforms include:

1. improving the compliance and enforcement powers of the GWC by:
 - increasing financial penalties
 - prescribing an 'authorised officer' under gambling legislation to be a 'public officer' under the *Criminal Investigation Act 2006* for prescribed parts of that Act
 - providing an expanded and uniform framework across the suite of WA gambling legislation to deal with matters of non-compliance with legislative requirements by way of an infringement notice with a modified penalty
 - elevating the requirements concerning the casino's operational and games procedure manuals from a direction made under the CC Act to a legislative requirement subject to penalties for non-compliance
2. adjusting administrative arrangements for special purpose accounts to streamline operations and align legislation with the existing functional and operational management practices
3. providing a head of power for a new category of licence under the BC Act to provide a framework to resolve an inconsistency between the State and Commonwealth legislation regarding interactive gambling services
4. allowing the WA Governor to make regulations under the GWC Act, the CC Act, the BC Act and the RWWA Act to give effect to compliance with national policies and frameworks that the WA Government has entered into as it relates to gambling legislation
5. clarifying the amendment to the GWC's directions power made under the CLA Act to provide, beyond doubt, that it clearly reflects recommendation 15(v)(i)–(iii) in the Royal Commission's Final Report that the GWC has the power to issue directions regarding all operations of the Perth casino licensee and making the directions provisions for

RWWA consistent with this

6. similar to the amendments to the CC Act made by the CLA Act which increased the maximum penalty for the Perth casino to \$100 million, increasing the maximum penalty that the Minister for Racing and Gaming can impose on RWWA from \$100,000 to \$1 million, and
7. amending the GWC Act to provide that the GWC may require a security in the form of a bank guarantee for the purposes of ensuring that an applicant for a standard lottery permit has sufficient funds to pay for the prizes.

These amendments will strengthen the regulator's enforcement powers and make necessary amendments for the interim period while a comprehensive review and reform of the legislation is undertaken in the longer term, as recommended by the Royal Commission, with a view for completion in late 2027.

In addition to the reforms outlined above, further progress has been made to reduce gambling-related harm at the Perth casino, as recommended by the Royal Commission.

By 1 December 2025, the casino licensee will be required to implement carded play on all electronic gaming machines (EGMs) at the Perth casino; and require patrons to set pre-set weekly loss and time limits. This follows a cap of \$10 per bet being introduced for EGMs across the main gaming floor at the Perth casino, in July 2023.

It is anticipated that the use of carded play on EGMs at the Perth casino will enable meaningful data to be collected for the purposes of conducting research into patron activity and gambling-related harms. This aims to further enhance the regulatory framework at the Perth casino as the enforced time and loss limits will be supported by research.

General industry information

For the period, the casino gaming operations tax rates were as follows:

- Electronic gaming machines 12.42% on and from 24 December 2015
- Fully automated table games 12.92% on and from 24 December 2014
- Table games 9.37% on and from 24 December 2014
- International commission business tax 1.75% on and from 24 December 2014
(a guaranteed minimum of \$36.2 million was required to be paid between 1 July 2014 to 30 June 2018).

As of 30 June 2024, the Perth casino had approval to operate a maximum of 350 table games, and 2,500 electronic gaming machines.

Legislation

Legislation governing the regulation, supervision and control of gambling activities in Tasmania includes:

- *Gaming Control Act 1993*
- *Racing Regulation Act 2004*
- *TT-Line Gaming Act 1993*.

New developments

- On 1 July 2023, a set of significant reforms to the *Gaming Control Act 1993* took effect as part of the Future Gaming Markets reforms included within the *Gaming Control Amendment (Future Gaming Market) Act 2021*. These reforms allowed venues to own and operate EGMs, created several new licence categories, expanded the community support levy, and had significant changes to licence fees and tax rates.
- The most significant changes to tax rates on 1 July 2023 were observed for gaming machines and keno.
- A new licence category of Monitoring Operator was established, and was granted to MAXGaming to monitor the EGM network in Tasmania
- Alongside these changes, the Tasmanian Liquor and Gaming Commission reviewed and updated its various regulatory instruments to better accommodate these changes.

General industry information

- Totalisator and fixed odds wagering are offered in Tasmania by UBET TAS Pty Ltd (previously known as TOTE Tasmania), a subsidiary of Tabcorp Holdings Limited. UBET TAS offers wagering products on thoroughbred, harness and greyhound racing, including fixed odds wagering products for sports betting and race wagering.
- Bookmakers offer traditional fixed price wagering on course at certain racing events in Tasmania.
- There are two casinos operating in Tasmania: Wrest Point in Sandy Bay (Hobart) and the Country Club at Prospect (Launceston). Both casinos are owned and operated by the Federal Group.
- Ninety one hotels and clubs in Tasmania offered gaming in the form of gaming machines and keno. There were also hotels and clubs that offered keno only. The gaming services are monitored by MAXGaming.
- There are no providers of major lotteries currently operating in Tasmania. However, two companies: Tattersalls Sweeps (licensed in Victoria) and Golden Casket (licensed in Queensland) hold foreign games permits that allow their products to be offered from accredited outlets in Tasmania.
- Minor gaming in Tasmania consists of activities such as lucky envelopes (e.g., beer/cash tickets), bingo and raffles conducted for the benefit of not-for-profit organisations. Various minor games are currently approved, with new regulatory arrangements coming into effect in September 2024.

Notes to the tables for 2023–24

Racing and sports betting	Government revenue is primarily derived from a Point of Consumption tax (POC tax). In addition, UBET TAS pay an annual wagering levy, equivalent to 925 000 fee units. The levied amount has not been included in the government revenue from wagering figures. Revenue from betting exchanges is no longer recorded in interactive gaming and has been allocated under government revenue from wagering. No betting exchanges have been licensed in Tasmania since September 2016.
All	Expenditure data reported by Tasmania in years prior to 2019-20 has been monthly in arrears, aligning with timing of taxation collected. Expenditure data for 2019-20 onwards is shown in the month the activity occurred.

Notes: These data should be read in conjunction with the explanatory notes.

(1) Government revenue from interactive gaming includes both tax and product levies received.

(2) Minor gaming revenue was incorrectly reported in previous years. No tax is received for minor gaming activities, only income is from application fees.

(3) Revenue from betting exchanges is no longer recorded in interactive gaming. It is now recorded in wagering.

(4) From this period on, includes unclaimed prizes for table gaming and gaming machines (including hotels and clubs). However, prizes may have been subsequently claimed.

(5) Pools was withdrawn from the Australian Lottery Market on 23 June 2018.

(6) Point of consumption tax commenced from 1 January 2020. As paid monthly in arrears, only the first five months of revenue is shown.

(7) From this period on, wagering revenue reflects wagering by Tasmanian residents with all licensed providers, including those in other jurisdictions. Prior to this period, wagering revenue reflects wagering with Tasmanian licensed providers.

(8) Not applicable.

(9) For this and previous periods, includes unclaimed keno prizes for hotels, clubs and casinos. However, prizes may have been subsequently claimed.

(10) From 1 July 2023, new tax rates were introduced.

Notes: These data should be read in conjunction with the explanatory notes.

(1) Not applicable.

(2) Incomplete data.

(3) Excludes community keno, from this period on.

(4) Community keno was previously included in casino turnover.

(5) Includes Sports Bookmakers, On course, Betting exchange and Totalisator, from this period on.

(6) Licensee(s) relaunched.

(7) Pools was withdrawn from the Australian Lottery Market on 23 June 2018.

(8) Includes Mail-order lotteries.

(9) The 2019–20 NT wagering Turnover and Expenditure figures are an estimate of NT residents only. This estimate is provided to avoid double counting given other jurisdictions are now operating under a point of consumption tax arrangement. In this regard, the 2019–20 figures represent a significant break in time series and comparisons with previous figures are not appropriate.

(10) Revised due to change in methodology for estimating proportion attributable to NT residents.

(11) Unavailable data, from this period on. Data categorised by customer location is not collected. Prior to this period, figures reflected activity by all customers (both within and outside of the NT, including international customers) of NT licensed providers.

(12) Prior to this period, figures reflected activity by all customers of NT licensed providers, regardless of physical location and residency. From this period on, figures reflect lottery tickets physically sold from NT retail premises and via the internet to NT residents.

Notes: These data should be read in conjunction with the explanatory notes.

(1) Not applicable.

(2) Incomplete data.

(3) Excludes community keno, from this period on.

(4) Community keno was previously included in casino turnover.

(5) Includes Sports Bookmakers, On course, Betting exchange and Totalisator, from this period on.

(6) Licensee(s) relaunched.

(7) Pools was withdrawn from the Australian Lottery Market on 23 June 2018.

(8) Includes Mail-order lotteries.

(9) The 2019–20 NT wagering Turnover and Expenditure figures are an estimate of NT residents only. This estimate is provided to avoid double counting given other jurisdictions are now operating under a point of consumption tax arrangement. In this regard, the 2019–20 figures represent a significant break in time series and comparisons with previous figures are not appropriate.

(10) Revised due to change in methodology for estimating proportion attributable to NT residents.

(11) Unavailable data, from this period on. Data categorised by customer location is not collected. Prior to this period, figures reflected activity by all customers (both within and outside of the NT, including international customers) of NT licensed providers.

(12) Prior to this period, figures reflected activity by all customers of NT licensed providers, regardless of physical location and residency. From this period on, figures reflect lottery tickets physically sold from NT retail premises and via the internet to NT residents.

Notes: These data should be read in conjunction with the explanatory notes.

(1) Not applicable.

(2) Incomplete data.

(3) Excludes community keno, from this period on.

(4) Community keno was previously included in casino expenditure.

(5) Includes Sports Bookmakers, On course, Betting exchange and Totalisator, from this period on.

(6) Licensee(s) relaunched.

(7) Pools was withdrawn from the Australian Lottery Market on 23 June 2018.

(8) Includes Mail-order lotteries.

(9) The 2019–20 NT wagering Turnover and Expenditure figures are an estimate of NT residents only. This estimate is provided to avoid double counting given other jurisdictions are now operating under a point of consumption tax arrangement. In this regard, the 2019–20 figures represent a significant break in time series and comparisons with previous figures are not appropriate.

(10) Revised due to change in methodology for estimating proportion attributable to NT residents.

(11) Unavailable data, from this period on. Data categorised by customer location is not collected. Prior to this period, figures reflected activity by all customers (both within and outside of the NT, including international customers) of NT licensed providers.

(12) Prior to this period, figures reflected activity by all customers of NT licensed providers, regardless of physical location and residency. From this period on, figures reflect lottery tickets physically sold from NT retail premises and via the internet to NT residents.

Notes: These data should be read in conjunction with the explanatory notes and other turnover tables in this publication.

- (1) Includes Sports Bookmakers, On course, Betting exchange and Totalisator, from this period on.
- (2) Point of consumption tax introduced and applied from 1 January 2019. This figure only contains data from July 2018 to December 2018, pre point of consumption tax.
- (3) Total Turnover derived from TAB Limited and NSW Licensed Bookmaker's authorised under Section 16(1) and 19(2) of the Betting and Racing Act 1998.
- (4) The 2019–20 NT wagering Turnover and Expenditure figures are an estimate of NT residents only. This estimate is provided to avoid double counting given other jurisdictions are now operating under a point of consumption tax arrangement. In this regard, the 2019–20 figures represent a significant break in time series and comparisons with previous figures are not appropriate.
- (5) Revised due to change in methodology for estimating proportion attributable to NT residents.
- (6) Does not include turnover for wagering operators authorised to conduct betting operations in South Australia.
- (7) First available full year data for point of consumption data.
- (8) Figure represents Pari-mutuel and Sports bet only. Trackside figure (139,560) not included.
- (9) NSW Turnover derived from TAB Limited and NSW Licensed Bookmaker's authorised under Section 16(1) and 19(2) of the Betting and Racing Act 1998.
- (10) From this period on, wagering turnover reflects wagering by Tasmanian residents with all licensed providers, including those in other jurisdictions. Prior to this period, wagering turnover reflects wagering with Tasmanian licensed providers.
- (11) Figure represents Pari-mutuel and Sports bet only. Trackside figure (111,991) not included.
- (12) Retrospective adjustments typically resulting from amended returns from betting operators and/or compliance activity.
- (13) Turnover figure unavailable.
- (14) Bookmakers Turnover data unavailable. 1/7/2022 - PoCT tax increase from 10% to 15%.
- (15) For this and previous periods, reflects the wagering turnover of Tasmanian licensed providers only.

Notes: These data should be read in conjunction with the explanatory notes and other turnover tables in this publication.

(1) Includes Sports Bookmakers, On course, Betting exchange and Totalisator, from this period on.

(2) Point of consumption tax introduced and applied from 1 January 2019. This figure only contains data from July 2018 to December 2018, pre point of consumption tax.

(3) Total Turnover derived from TAB Limited and NSW Licensed Bookmaker's authorised under Section 16(1) and 19(2) of the Betting and Racing Act 1998.

(4) The 2019–20 NT wagering Turnover and Expenditure figures are an estimate of NT residents only. This estimate is provided to avoid double counting given other jurisdictions are now operating under a point of consumption tax arrangement. In this regard, the 2019–20 figures represent a significant break in time series and comparisons with previous figures are not appropriate.

(5) Revised due to change in methodology for estimating proportion attributable to NT residents.

(6) Does not include turnover for wagering operators authorised to conduct betting operations in South Australia.

(7) First available full year data for point of consumption data.

(8) Figure represents Pari-mutuel and Sports bet only. Trackside figure (139,560) not included.

(9) NSW Turnover derived from TAB Limited and NSW Licensed Bookmaker's authorised under Section 16(1) and 19(2) of the Betting and Racing Act 1998.

(10) From this period on, wagering turnover reflects wagering by Tasmanian residents with all licensed providers, including those in other jurisdictions. Prior to this period, wagering turnover reflects wagering with Tasmanian licensed providers.

(11) Figure represents Pari-mutuel and Sports bet only. Trackside figure (111,991) not included.

(12) Retrospective adjustments typically resulting from amended returns from betting operators and/or compliance activity.

(13) Turnover figure unavailable.

(14) Bookmakers Turnover data unavailable. 1/7/2022 - PoCT tax increase from 10% to 15%.

(15) For this and previous periods, reflects the wagering turnover of Tasmanian licensed providers only.

Notes: These data should be read in conjunction with the explanatory notes and other expenditure tables in this publication.

(1) Includes Sports Bookmakers, On course, Betting exchange and Totalisator, from this period on.

(2) Includes expenditure for wagering operators authorised to conduct betting operations in South Australia, from this period on.

(3) Point of consumption tax introduced and applied from 1 January 2019. This figure only contains data from July 2018 to December 2018, pre point of consumption tax.

(4) Total TAB Limited wagering revenue and net NSW revenue derived from Betting Operators as per section 13A of the Betting Tax Act 2001.

(5) The 2019–20 NT wagering Turnover and Expenditure figures are an estimate of NT residents only. This estimate is provided to avoid double counting given other jurisdictions are now operating under a point of consumption tax arrangement. In this regard, the 2019–20 figures represent a significant break in time series and comparisons with previous figures are not appropriate.

(6) Revised due to change in methodology for estimating proportion attributable to NT residents.

(7) First available full year data for point of consumption data.

(8) Figure represents Pari-mutuel and Sports bet only. Trackside figure (29.289) not included.

(9) Net NSW revenue derived from TAB Limited and Betting Operators as per section 13A of the Betting Tax Act 2001.

(10) From this period on, wagering expenditure reflects wagering by Tasmanian residents with all licensed providers, including those in other jurisdictions. Prior to this period, wagering expenditure reflects wagering with Tasmanian licensed providers.

(11) Figure represents Pari-mutuel and Sports bet only. Trackside figure (23.205) not included.

(12) Retrospective adjustments typically resulting from amended returns from betting operators and/or compliance activity.

(13) Figure represents Pari-mutuel and Sports bet and Trackside.

(14) 1/7/2022 - PoCT tax increase from 10% to 15%, TAB Parimutuel Expenditure now collected from the Annual POCT Reconciliation report.

(6) Revised due to change in methodology for estimating proportion attributable to NT residents.

(7) First available full year data for point of consumption data.

(8) Figure represents Pari-mutuel and Sports bet only. Trackside figure (29,289) not included.

(9) Net NSW revenue derived from TAB Limited and Betting Operators as per section 13A of the Betting Tax Act 2001.

(10) From this period on, wagering expenditure reflects wagering by Tasmanian residents with all licensed providers, including those in other jurisdictions. Prior to this period, wagering expenditure reflects wagering with Tasmanian licensed providers.

(11) Figure represents Pari-mutuel and Sports bet only. Trackside figure (23,205) not included.

(12) Retrospective adjustments typically resulting from amended returns from betting operators and/or compliance activity.

(13) Figure represents Pari-mutuel and Sports bet and Trackside.

(14) 1/7/2022 - PoCT tax increase from 10% to 15%, TAB Parimutuel Expenditure now collected from the Annual POCT Reconciliation report.
