## Main findings

Note: Data in this brief are based on 4-quarter moving averages.

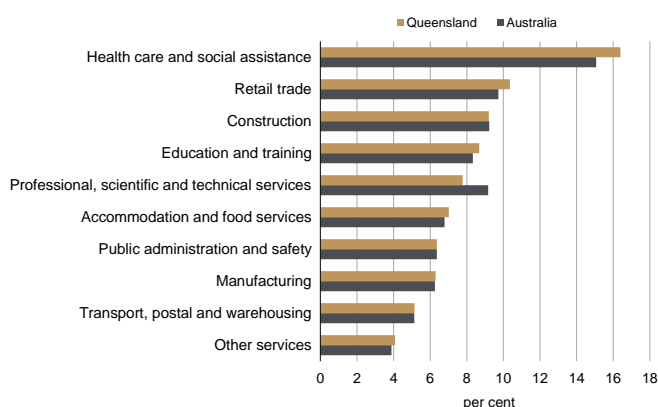

- In the February reference month of March quarter 2023, there were 2,787,262 employed persons in Queensland, which accounted for 20.3% of Australia's total employment.
- Over the year to March quarter 2023, of Queensland's top ten industries by number employed, the largest percentage increase in employment occurred in the *Health care and social assistance* industry (up 13.2%). For Australia, within these ten industries, the *Construction* industry had the largest percentage increase (up 9.9%).
- Over the year to March quarter 2023, of Queensland's top ten industries by number employed, the *Health care and social assistance* industry recorded the largest contribution to employment changes in Queensland (2.0 percentage points). In comparison, the *Manufacturing* industry recorded the largest deduction in Queensland (-0.7 percentage point) (Figure 1).

- During March quarter 2023, the highest percentage of total employment in Queensland was recorded in the *Health care and social assistance* industry (16.4%). The highest percentage of total employment in Australia was also in *Health care and social assistance* (15.1%) (Figure 2).

### Notes

The labour force statistics presented in this brief are based on a sample and are subject to sampling error. As such these estimates will exhibit, in some cases, large volatility in quarterly changes. Extreme caution should be used when making inferences from these estimates.

Industry of employment was coded to the ABS 2006 Australian and New Zealand Standard Industrial Classification (ANZSIC).
