Key data

Employment (annual change).................↑ 8.1%
Unemployment rate .................................. 6.2%
Unemployment rate (annual change) ...........↓ 1.9 ppt
Participation rate........................................ 71.5%

pct = percentage point

Main findings

Note: Due to the high standard errors associated with regional labour force survey data, the ABS and QGSO recommend using 12-month averages to reduce the volatility of the underlying original data. This volatility means it can be difficult to detect real world phenomena, such as those caused by the social distancing measures introduced to combat COVID-19, in the data. As a result, it is not recommended regional labour force data be used to assess the impact of COVID-19. All data in this brief are based on 12-month moving averages.

- The number of employed persons in Moreton Bay - South SA4 in October 2021 was 117,700 persons, an increase of 8,800 employed persons, or 8.1% over the year (Figure 1).
- The unemployment rate in Moreton Bay - South SA4 in October 2021 was 6.2 per cent, a decrease of 1.9 percentage points over the year. The unemployment rate for this area was the eighth-highest of all 19 SA4s within Queensland (Figure 2).
- The participation rate in Moreton Bay - South SA4 in October 2021 was 71.5 per cent, an increase of 2.6 percentage points over the year (Table 1).

SA4 = Statistical Area Level 4 (ASGS 2016 edition)
Notes (refer to website for more detailed notes):
- The labour force statistics presented in this brief are on a sample basis and will include a sampling error.
- Totals may differ due to rounding. Figures are rounded to nearest 100 persons. Calculations are based on pre-rounded figures.
