 (b) As of August 2023, cotton become unconfidentialised and is not included in 'Commodities nec'.
 (c) From June 2013, the ABS changed the treatment of certain commodities to maintain confidentiality. This resulted in some commodities (such as sugar) not being included in state level exports. As a consequence total exports at a state level are understated.
 (d) Includes confidentialised export commodities such as LNG and alumina. Semi-soft coking metallurgical coal and PCI coal are included to September 2021 and cotton is included to July 2023.
